Release of ENZ Equipment, Specs & Hearing (ESH) Application enhancements Tuesday 28 July 6pm to 8pm

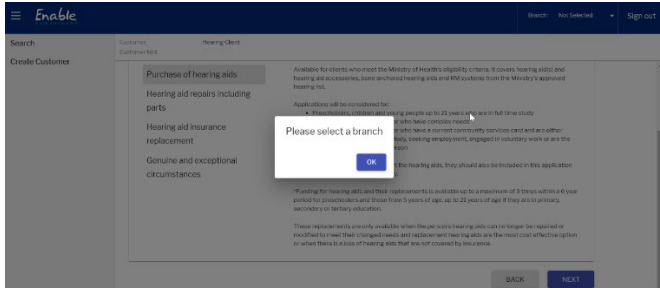

Our ESH Application will be unavailable tonight (Tuesday 28 July) for 2 hours from 6pm to 8pm, to release more enhancements. We aim for these updates to improve your experience of the ESH Application and prevent service requests being cancelled due to inadvertent errors.

What’s changing in Release #2?

For all ESH Application users

- Branch and assessor name must be selected for every service request, unless there is only one branch or assessor associated with the user.
If there is only one branch and/or assessor, the ESH App will automatically select the branch and assessor name.
