Release of ENZ Equipment, Spectacle and Hearing (ESH) Application enhancements.
# Tuesday 18 August, 6pm to 8pm

Our ESH Application will be unavailable tonight (Tuesday 18 August) for 2 hours from 6pm to 8pm, to release further enhancements.

This week's release will make it easier to add documents, cancel applications and complete re-issue equipment requests.

What's changing in release # 5?

1. **Re-issue equipment 'Items to Deliver'** screen has been removed, as delivery details are not required for this type of application.

2. An **'Add attachments' button** has been added to most screens for you to attach supporting documents at *any stage* throughout the application.

3. **Required documents** must be attached at the mandatory field where indicated. Please do not attach them anywhere else.

4. A **list** of the supporting documents you've attached will display on most pages. Soon, required (mandatory) documents will be listed too. See the screenshot below.

5. The **'Cancel' button** has been added to most screens so you can cancel an application at any stage.

6. **Cancelling an application** now takes you to the 'search' screen.

7. **Action buttons** (add attachments, cancel, back, next, submit) are grouped together on the bottom left of the screen.

Reminder: Refresh your browser

After each release, access the latest version of the ESH Application by pressing:

- CTRL + SHIFT + R (Chrome), or

- CTRL + SHIFT + F5 (other browsers).

Need more information?

We are committed to improving your experience of the ESH Application and we thank you for your feedback. Please contact us if you have any questions about this notice.
